

Job Posting: Assistant Maintenance Manager

Job Summary

This position requires a hands-on leader who is responsible for motivating, developing, and organizing a team of 3-5 maintenance employees. You and your team will perform equipment repair, preventative maintenance, and facility maintenance while striving to create consistent, standard approaches and achieve maximum production results. If you like the idea of working at a company where you can make a difference, you could be a great fit.

Required Skills & Experience

- Hands on knowledge of electrical, AC/DC motor controls, PLC programming and troubleshooting, pneumatics, hydraulics, conveyors, and packaging equipment
- Ability to apply and conduct good root cause analysis and troubleshooting techniques
- Experience in safety and preventative maintenance programs
- Willingness to lead, take charge, and offer opinions and direction
- Must be able to read and write English, ability to speak Spanish is a plus
- Must be familiar with computers and be proficient in Microsoft Office suite
- Excellent communication skills
- Experience developing and implementing process improvement initiatives
- Read, analyze and interpret technical procedures, electrical schematics, service manuals and work orders
- Must have own set of tools
- Ability to work with mathematical concepts such as fractions, percentages, ratios, and proportions

Preferred Skills & Experience

- Minimum of 3 years industrial maintenance manufacturing experience
- Minimum of 2 years supervisory experience
- Team supervision/leadership/development/training skills
- Experience in the food processing industry
- Experience with food safety is a big plus (SQF, BRC, etc.)
- Knowledge of safety regulations and OSHA compliance
- Comfortable communicating and operating within a diverse workforce

About Van Holten's

We are serious about our results but not about ourselves. We are a family owned food manufacturer with 84 employees, located 25 minutes east of Madison, in Waterloo, WI. We are the maker, marketer, and inventor of the Pickle-In-A-Pouch, Pickle Cutz, VH Pickleback, and Pickle-Ice. As we grow, we are committed to preserving our culture, which is focused on mutual respect, encouraging a positive work life balance for our associates, achieving superior results and creating an atmosphere that makes people proud to work here.
